## Education

**University of California, San Diego** *Sep. 2025 – Present*

*Ph.D. student, Computer Science and Engineering Department*

- Advisor: Prof. Henrik I. Christensen

**Tsinghua University** *Aug. 2022 – June 2025*

*M.S. in Computer Science, Institute for Interdisciplinary Information Sciences*

- Advisor: Prof. Yang Gao

**Tsinghua University** *Aug. 2018 – June 2022*

*B.Eng. in Computer Science, Institute for Interdisciplinary Information Sciences (Yao Class)*

- Thesis Advisor: Prof. Chongjie Zhang

## Research Interest

My research lies at the intersection of robotics and machine learning. I am particularly interested in exploring how to develop **scalable and general-purpose learning frameworks for high-reliability robotic manipulation in unstructured real-world environments**. My previous research has also spanned reinforcement learning and imitation learning algorithms.

## Past Experience

**Amazon, Industrial Robotics Group** *June 2026 – Sep. 2026*

*Applied Scientist Intern*

## Selected Honors and Awards

- Jacobs School of Engineering Fellowship (Charles Lee Powell Foundation) *2025*
- Gold Medal, ACM-ICPC Asia Regional Contest Nanjing Site *2018*
- Gold Medal, Chinese National Olympiad in Informatics *2017*
- Gold Medal, Asia-Pacific Informatics Olympiad *2017*

## Teaching & Mentoring Experiences

### Teaching Assistant

- Computer Vision (Tsinghua University) *Spring 2025*
- Artificial Intelligence: Principles and Techniques (Tsinghua University) *Fall 2023*

### Research Mentoring

- Yitian Zheng (Undergrad at Tsinghua University) *2024 – 2025*
- Zhangchen Ye (Undergrad at Tsinghua University) *2024 – 2025*

## Academic Service

**Reviewer:** ICLR, ICML, CoRL
**Recognition:** ICML 2026 Gold Reviewer
